

# FIGHTING CANCER IS HARD ENOUGH

A gift in your will ensures future patients have safe, reliable transport to their treatments, allowing them to focus on getting well.

*1 in 2 Canadians will be diagnosed with cancer in their lifetime.*

*Missing treatments increases the risk of their cancer recurring.*

*You can help us drive change.*

I had no way to get to my treatments and no money to take a taxi. Before hearing about your wonderful service, I was very depressed. You relieved an enormous burden. All my drivers were wonderful and caring. You helped save my life.

—RS, CANCER SURVIVOR

## MY LEGACY

GEORGE GARRETT  
CO-FOUNDER & LEGACY DONOR

“ One of our founding members, the late John MacInnes cared deeply about the welfare of cancer patients. He often said he wanted our essential service to last for 25 years. That dream is being fulfilled thanks to our generous donors.

As I step down from active work with the Board I am working toward the next goal. Free rides for cancer patients forever. We can achieve that goal through Legacy Giving, leaving something in our Will for the Volunteer Cancer Drivers Society.

I have already made that commitment. Please join me in ensuring that we will always be there for cancer patients and their families.

—George Garrett

## OUR NEXT RIDE STARTS WITH YOU

Cancer patients and their families have been on a difficult and sometimes very long journey. The end is sometimes sad.

The Volunteer Cancer Drivers Society began in 2016 with a mission to provide free rides for cancer patients wherever they live in the Lower Mainland.

*With your help, we can continue our mission to serve those in need.*
